RESEARCH AND DEVELOPMENT CELL

GVNC- BEST RESEARCH PAPER AWARD – 2024-2025

The GVN College aims to create a virtual platform for undergraduate and postgraduate students, research scholars, and faculty members across all disciplines to showcase their multidisciplinary and transdisciplinary research talents.

Every year in the Month of January, the research and development cell will organise a national conference on **a theme of multidisciplinary research** wherein the students, scholars and teaching members would be invited to present their research study. All the selected abstracts and plenary talks would be compiled into conference proceedings.

The panel of experts will adjudicate the best research paper presented in the conference and the best researchers in each category will be awarded with **GVNC-Best Research Paper Award and certificates of merit**
